

**C**onfused about who is allowed to do what in a horse's mouth?

**What can unqualified “EDTs” do? (Cat 1 Procedures)**

- Rasp teeth with hand floats
- Examine mouths

**What can qualified (BAEDT/WWAED) EDTs do? (Cat 2 Procedures)**

- Cat 1 procedures (above)
- Use power tools to rasp teeth
- Remove loose teeth (incisors/cheek teeth) with negligible periodontal ligaments
- Extract erupted, non-displaced wolf teeth under direct and continuous veterinary supervision

**What can vets do?**

- Any dental procedures that are within their own area of competence

**Still confused?**
